The toilet is for use by anyone who requires it. The staff are happy for anyone to drop in to use the facilities but it would be useful if they could telephone in advance as the people that staff support do use the facilities. The facilities do not fully meet the Changing Places specification. The changing room and toilet are separate, but next door to each other. The toilet is accessible. The facilities can be accessed via a level route from the main entrance. There is limited parking on site. Visitors should report to reception on arrival.

The facilities are open as follows;
